

# Project Description

1. Your Company is going to hire a new employee who is having a total experience of 20 years with 2 years of working experience as “Region Manager”.
2. Jump from “Region Manager(level-6)” to “Partner(level-7)” level require 4 years
3. He is claiming his salary to be “160000”
4. As per Your company rule he should be paid as Level=6.5 position.
5. But there is not any specific salary criteria for Level=6.5 position.

**Question:** Find out he is speaking truth or bluffing about his salary? & Can be hired on that claimed package or not?
